I'm not completely sure who to contact, or how to express my deepest condolences to First Baptist. I have appreciated the communication I've seen from you. This is a terrible thing for a congregation to face, and then not be able to properly grieve together because of Social Distancing. Just know that Grace and I are praying for First Baptist to be able to walk through this with healing for the present, and wisdom for the future. Bob and I have been friends for 20 years and have helped each other through some rough patches. I know what you must be going through without his leadership.

On a much happier note, I recently sat down with the two beautiful scrapbooks you put together for me. One was the Glacier trip and the other as a farewell gift. It was so much fun to reminisce about the wonderful congregation in Bismarck.

We love you all and will be praying for your next steps. Pastor Steve Wistoff
